Real-Time Availability

Inventory availability at IPD's USA-based Parts Distribution Centers (Los Angeles, Portland, Houston, Cleveland), so you can make an informed decision with knowledge of parts that are currently available, and in what location they are located (IPDNet also updates part numbers automatically!)

The screenshot shows the IPDNet web interface. At the top left is the IPD logo. To its right are three numbered steps: 1. View Pricing & Availability, 2. View Details & Select Carrier, and 3. Select & Purchase. Below these are navigation links: Parts Catalog, Print Preview, Saved Lists, Import Excel, and Order. A welcome message reads "Welcome Egan Hernandez". Below the welcome message are options: "Remove All" (a link), "Show Related Parts" (a checkbox), and a legend for availability: a green circle for "Available", a yellow circle for "Partial Available", and a red circle for "Z". The main part of the screenshot is a table with columns: Remove, Qty, Part Number, Description (Optional), and Availability. The Availability column is further divided into four sub-columns: LA, PL, HS, and CL. Each sub-column has a checkbox and a green circle. A red box highlights the Availability section of the table.
