New IPD Cylinder Kits for Caterpillar® C13 Engines

DID YOU KNOW... that IPD has a patent on friction welded steel pistons (US Patent #9,216,474), and that IPD has been manufacturing and selling this high tech design for Caterpillar® C13 on-highway engines since 2014 (note: IPDSteel pistons also available for Cat® C7, C15, C18, C27, & C32 engines).

IPD now offers Cylinder Kits with IPD manufactured friction welded steel pistons for Cat® C13 industrial applications. Piston features and benefits include:

- Exclusive IPDSteel design (your only other source is the OE dealer)
- Engineered and heat treated for strength and hardness
- Precision machined pin bore for durability
- Patent pending high tech coating for corrosion resistance and enhanced anti-friction properties
- Manufactured by IPD in Torrance, California (USA)

YOU HAVE A CHOICE! Why pay for OE when you can get IPD?
(Proven Quality, Proven Performance, Proven Value)

New IPD Part Numbers

A total of 58 new IPD part numbers are now available for order, highlights as follows:

Cat® C7/C9/C15/C32 applications

- Gasket Sets

Cat® C13 applications

- Cylinder Kits & Gasket Sets

IPDStyle Gasket Sets

IPDStyle™ complete gasket sets are one of the most popular of IPD innovations. Many IPD customers have already discovered that these kits **SAVE TIME AND MONEY** compared to OE style kits.

IPD brand In-Frame Set for Cat® C15

IPD brand Out-of-Frame Set for Cat® C7

Features and benefits include as follows:

- Available for Out-of-Frame and In-Frame engine overhauls, as well as for Cylinder Head repairs
- Expertly configured by IPD so you have all the components you need to complete your service (we do the work for you, one **IPDStyle** set replaces many OE style sets)
- Components bagged in sub-assemblies with identification for the applicable areas of service (no need to waste time searching)
- Complete contents listing provided so you know what you are receiving (no surprises)
- Latest technologies incorporated, such as multi-layer steel (MLS) and composite head gaskets (up-to-date designs ensure set availability for the latest applications)
- Premium materials for reliability, longevity, and performance (quality designed into each set)
- Proven durability around the world in the harshest environments (built to last)
- Industry leading warranty protection (peace of mind)
- Extremely wide range of applications available (no need to look elsewhere)

Many happy IPD customers have reported that using **IPDStyle** Gasket Sets saves them a significant number of hours (TIME & MONEY) during the ordering, handling, storage, and especially throughout the repair process. Discover “**The IPD Difference**”, try **IPDStyle** kits today!
