IPD TURBOCHARGER SYSTEMS NEWS

IPD REMANUFACTURED TURBOCHARGER CARTRIDGES

IPD has supplied high quality turbocharger cartridges for many years, and is now launching several remanufactured cartridges for the following off-highway Caterpillar 3300 and 3500 series engine applications:

- 3306
- 3508
- 3512
- G3516

IPD REMANUFACTURED TURBOCHARGERS PRICING UPDATE

IPD pricing is now more competitive than ever! In addition to **IPD quality** and **superior warranty coverage**, special pricing is now available for quantity purchases of 2 or more (contact IPD today for a quote).

Take the IPD Warranty Challenge

Have you ever visited websites of other aftermarket turbo suppliers and attempted to locate their warranty coverage? We tried, we gave up...they must not want you to know what their coverage is. We can't blame them, they simply cannot provide IPD level quality and match IPD's industry leading warranty coverage.

Reminder

IPD also offers a wide range of Turbo Installation Gasket Sets (and Aftercooler/Lines sets). Contact IPD Customer Service at sales@ipdparts.com for more details.
