

## IN-FRAME KITS FOR ISX/QSX

IPD recently announced the addition of three new "Re-Ring" (piston less) In-Frame (IF) kits with application to ISX/QSX engines. With these new kits, IPD now offers a total of 8 IF Kits for these engine models. Contact your IPD Sales Representative today, or visit **IPDNet™** for pricing and availability.

## IPD TECHNICAL SERIES VIDEOS

IPD launched four new technical series videos during 2011. If you have not yet had a chance to view them, here are the titles and link to view them...

- **Engine Failure Analysis as a Customer Service Tool**
- **3406E & C15 Cylinder Block/Head/Gasket Information**
- **Using Stress Plates To Control Cylinder Bore Distortion**
- **Update: 3500 Series Liner Installation & Filler Bands**

You can link to these directly from IPD's Technical Series website section (also from the **IPDParts Channel** on YouTube®).

## IPD ENTHUSIAST SPOTTED ON TV!

A technician was spotted wearing an IPD Logo Cap during a recent episode of **Big Shrimpin'®** on The History Channel®. In this episode (entitled "Troubled Waters"...Season 1, Episode 4), a boat is in dire need of repair as the engine will not start and it is blocking another boat from heading out to sea. The technician wearing the IPD cap completes the urgent repair, and the boat can finally get underway. If you happen to view a future rerun (or download) of this episode, look closely at around the 10 minute mark for a clear view of the IPD enthusiast with his cap on.
