NEW IPD TECHNICAL SERIES VIDEO

A new IPD Technical Series video is now available, featuring information on diesel exhaust aftertreatment systems. **Click image to view video.**

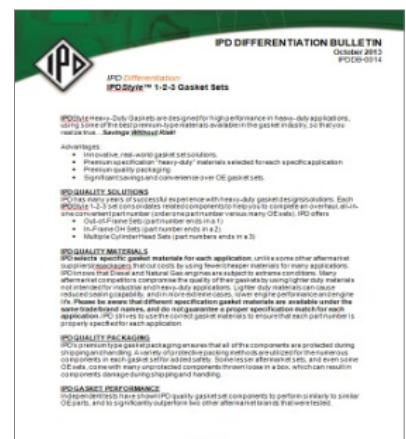

IPDSTYLE 1-2-3™ GASKET SETS

IPD offers a wide range of innovative IPDStyle 1-2-3 gasket sets as a high quality, convenient and cost-effective alternative to OE sets. IPDStyle heavy-duty gaskets sets are developed by experts to ensure that you receive all of the components that you need to complete an overhaul. Each set has been designed with premium materials to ensure high performance in heavy-duty applications. Three configurations are available...out-of-frame, in-frame, and multiple cylinder head sets. For the ultimate in quality, convenience, and savings... try IPDStyle 1-2-3 gasket sets today! **Click images to view bulletins.**

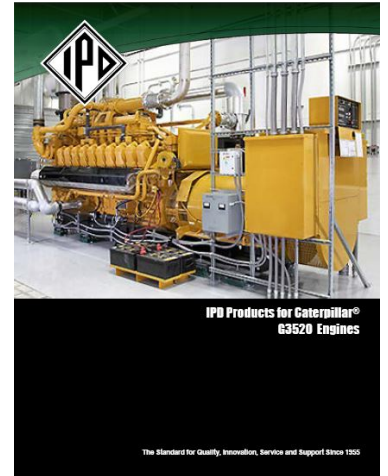

IPD FUEL INJECTION COMPONENTS

IPD offers components for electronic and mechanical fuel injection systems. In addition to the recently launched line of high quality Remanufactured Electronic Fuel Injectors, IPD also continues to offer new mechanical injectors, nozzles, and injector sleeves. **Click image to view product bulletin.**

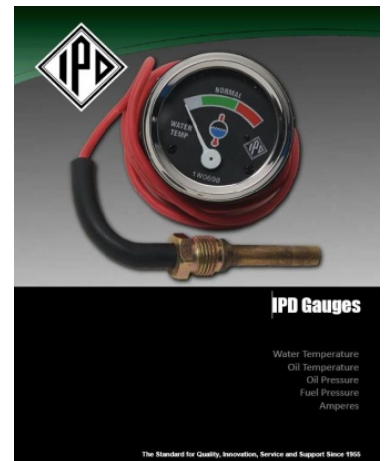

IPD PARTS FOR G3520

IPD currently offers over 100 part numbers for G3520 engines. Some major engine components are currently in development and will be available soon (such as piston #2622061 with an estimated availability in December 2013). **Click image to view product bulletin.**

IPD GAUGES

IPD offers a line of high value mechanical gauges for various applications. IPD gauges are available for monitoring water and oil temperature, oil and fuel pressure, and amperes. **Click image to view product bulletin.**

NEW IPD AMERICAS SALES DIRECTOR

Mr. Jaime Fiffles has joined IPD as the new Sr. Director of Sales & Service - Americas. Jaime will be responsible for sales and service in the Americas, and will be based in IPD's corporate headquarters.
