## IPD Sales Promotion - ISX Overhaul Kits

For a **LIMITED TIME**, IPD is pleased to announce **promotional pricing** on all **IPD In-Frame & Out-of-Frame Overhaul Kits for ISX engines** (May-June, 2014), and also **IPD Remanufactured Turbochargers for ISX** (June-August, 2014) when purchased with an IPD Overhaul Kit for ISX (bundle deal).

IPD overhaul kits for ISX are superior to the competition, here are some reasons why:

Features	Benefits
Extensive finite element analysis	Improved piston durability & upper ring groove reliability
Precision profile pin bore design	Enhanced design compensates for pin deflection
Single piece oil dam	Improved performance over two piece oil dam plates
Available since 2010	Over 20k cylinder kits = proven performance over millions of miles
Long warranty	2 years with unlimited miles

Contact IPD Customer Service today to take advantage of this limited time offer.

## New IPDSteel® Friction Welded Piston

IPD continues a long tradition of market innovation with a new **IPDSteel®** piston design (patent pending), which is created using a friction welding process, allowing an integral cooling oil reservoir to be formed in the crown, providing the following benefits:

- Improved piston crown strength and resistance to flex, particularly at the sealing ring area
- Superior protection against excessive oil consumption, operating temperatures, and combustion blow-by
- Improved design over one-piece piston designs with two-piece oil dam inserts

IPD is planning to launch several new Cylinder Kits over the next few months for various C-Series engines (C7, C13, C18, C27) with this new piston design, beginning with C15 industrial applications as featured below.

## New IPD Cylinder Kits for C15

IPD is proud to announce availability of the following new Cylinder Kits for select C15 industrial applications:

PART NUMBER	NOTES
PLG3466615	16:1 compression ratio, select industrial applications (w/ OE Style liner)
PLG3466615/CS	16:1 compression ratio, select industrial applications (w/ IPDStyle Crevice Seal liner)
PLG3466616	18:1 compression ratio, select industrial applications (w/ OE style liner)
PLG3466616/CS	18:1 compression ratio, select industrial applications (w/ IPDStyle Crevice Seal liner)

These new kits feature IPD's new patent-pending **IPDSteel** Friction Welded Pistons. IPD's innovative **IPDStyle**® Crevice Seal Liners are also available for the ultimate in cylinder liner performance.

## New IPD Cylinder Kits for Waukesha® VHP Series

IPD is proud to announce availability of **Overhaul Kits** and **Valve Kits** (and components) for **VHP series 7042 GL** and **7044 GSI** applications. These IPD overhaul kits are superior to the competition, here are some reasons why:

FEATURES	BENEFITS
Pistons featuring special Ni-resist austenitic material	Enhanced durability by counteracting wear in the top ring groove
Rings designed to work as a system	Improved wear resistance, better oil control, and reduction in exhaust blow-by
Cylinder Liners featuring special bianitic iron/chromium alloy	Increased tensile strength beyond 55,000 PSI
Valvetrain featuring high grade materials	Enhanced corrosion resistance, durability, wear resistance, longevity, & reliable performance

IPD announced Overhaul Kits for **7042 G & GSI** applications last year. IPD has a long history manufacturing parts for Waukesha engines. Contact IPD and discover how IPD parts can provide **Savings Without Risk**.

## New IPD Warranty Policy

IPD's updated warranty policy (effective 03/01/2014) is now available. This new policy extends IPD's market leading warranty duration coverage to include new and remanufactured turbochargers (specific duration varies between 1 and 2 years, depending on application...on-highway, off-highway, and natural gas market segments).

## IPD New Product Releases

IPD is announcing 28 new parts at this time, including the following feature items:

### C15

- Cylinder Kits for industrial applications (OE style & IPDStyle with Crevice Seal Liners)

### 3400

- Cylinder Kits for industrial applications (OE style & IPDStyle with Crevice Seal Liners)
- Steel Spacer Plate for 3412, C27 & C32 applications (**incredible value...steel construction for the price of aluminum**)

### Waukesha

- Cylinder Kits for 7042GL and 7044GSI applications
- Single Valve Overhaul Kits for 7042GL/GU/GSI and 7044GSI applications

## SaMoTer

May 4-8, 2014 (Verona, Italy)

Samoter is the main Italian event dedicated to earth moving, site and construction machinery, and is a leading reference show in Europe. If you will be attending the upcoming **SaMoTer 2014** event, please visit IPD in Hall 9, Stand C5.
