FOR IMMEDIATE RELEASE

IPD Parts for Cummins® K19 Series Engines

Torrance, CA (April 15, 2015) - IPD, a leading aftermarket provider of engine components for heavy-duty engines, announces the launch of a new replacement parts product line for Cummins® K19, KT19, KTA19, & KTTA19 engines. IPD parts for these applications are offered within the following categories:

- Piston Kits
- Cylinder Liner Kits
- Cylinder Head Components / Valvetrain
- Engine Bearings
- Lubrication System Components
- Fuel System Components
- Gasket Sets
- Miscellaneous (Cooling System Components, Cam Followers, Gaskets & Seals)

IPD continues to expand the IPD brand of high quality replacement parts for heavy-duty work engines. "IPD has a long and successful history manufacturing high quality parts for Cummins engines, including K19 series applications," notes Egan Hernandez, Marketing Manager for IPD. "IPD is dedicated to providing high quality, reliable and cost effective service parts for heavy-duty engines, and these K19 Series engine applications represent a significant service and savings opportunity for our customers."
