MKTIPDDD15ENGKIT

IPD QUALITY

ISO 9001: 2015 Certified

IPD IS THE VERY FIRST TO OFFER A FULL ENGINE REBUILD KIT FOR THE DD15 – ORDER YOURS TODAY!

The heavy-duty trucking industry is a competitive market that can't afford down-time. It's essential that you find a reliable and cost-effective product line to extend the engine life and performance of your trucks. IPD is the only aftermarket company that can offer you a full engine rebuild kit for Detroit DD15 that's made entirely from new, quality parts. All of IPD's DD15 engine components begin with drawings by our in-house engineering team, who reverse engineer the DD15 specifications to ensure a perfect fit every time. Not a single engine component leaves our manufacturing facility in Torrance, California without being tested and approved by our in-house quality assurance team who are experts in metrology and our entire company is ISO 9001: 2015 certified.

IPD DD15 In-Frame Kit Feature:

- Forged friction-welded steel pistons, rings, pins and retainers
- Cast iron liners available (APR and non-APR) with seals
- Lower and upper main bearings, connecting rod bearings and thrust washers
- Cylinder head gasket kit
- Oil pan gaskets and oil pan seals available separately
- Lower-end gasket kit available to make out-of-frame kit
